

Title: Olkaria PPP Geothermal Project

- Aim: meet Kenya's base load energy needs utilizing Kenya's substantial endowment of geothermal resources
- High level description: The project encompasses the development of a geothermal power generation project including all support facilities on a Build, Own, Operate, Transfer (BOOT) basis. The project will be developed under a PPP arrangement whereby a Special Purpose Vehicle (SPV) will finance, construct, own and operate the power plant and associated facilities under a 25-year Project Agreement
- Location: Naivasha, in Nakuru County
- Contracting Agency: Kenya Electricity Generating Company (KENGEN)
- Stage of the project : Procurement/Tender
- Sector: Energy
- Key SDGs: No. 7 (Affordable and Clean Energy)
- Key Partners: KENGEN. Private sector partners shall be brought on board through a PPP procurement process

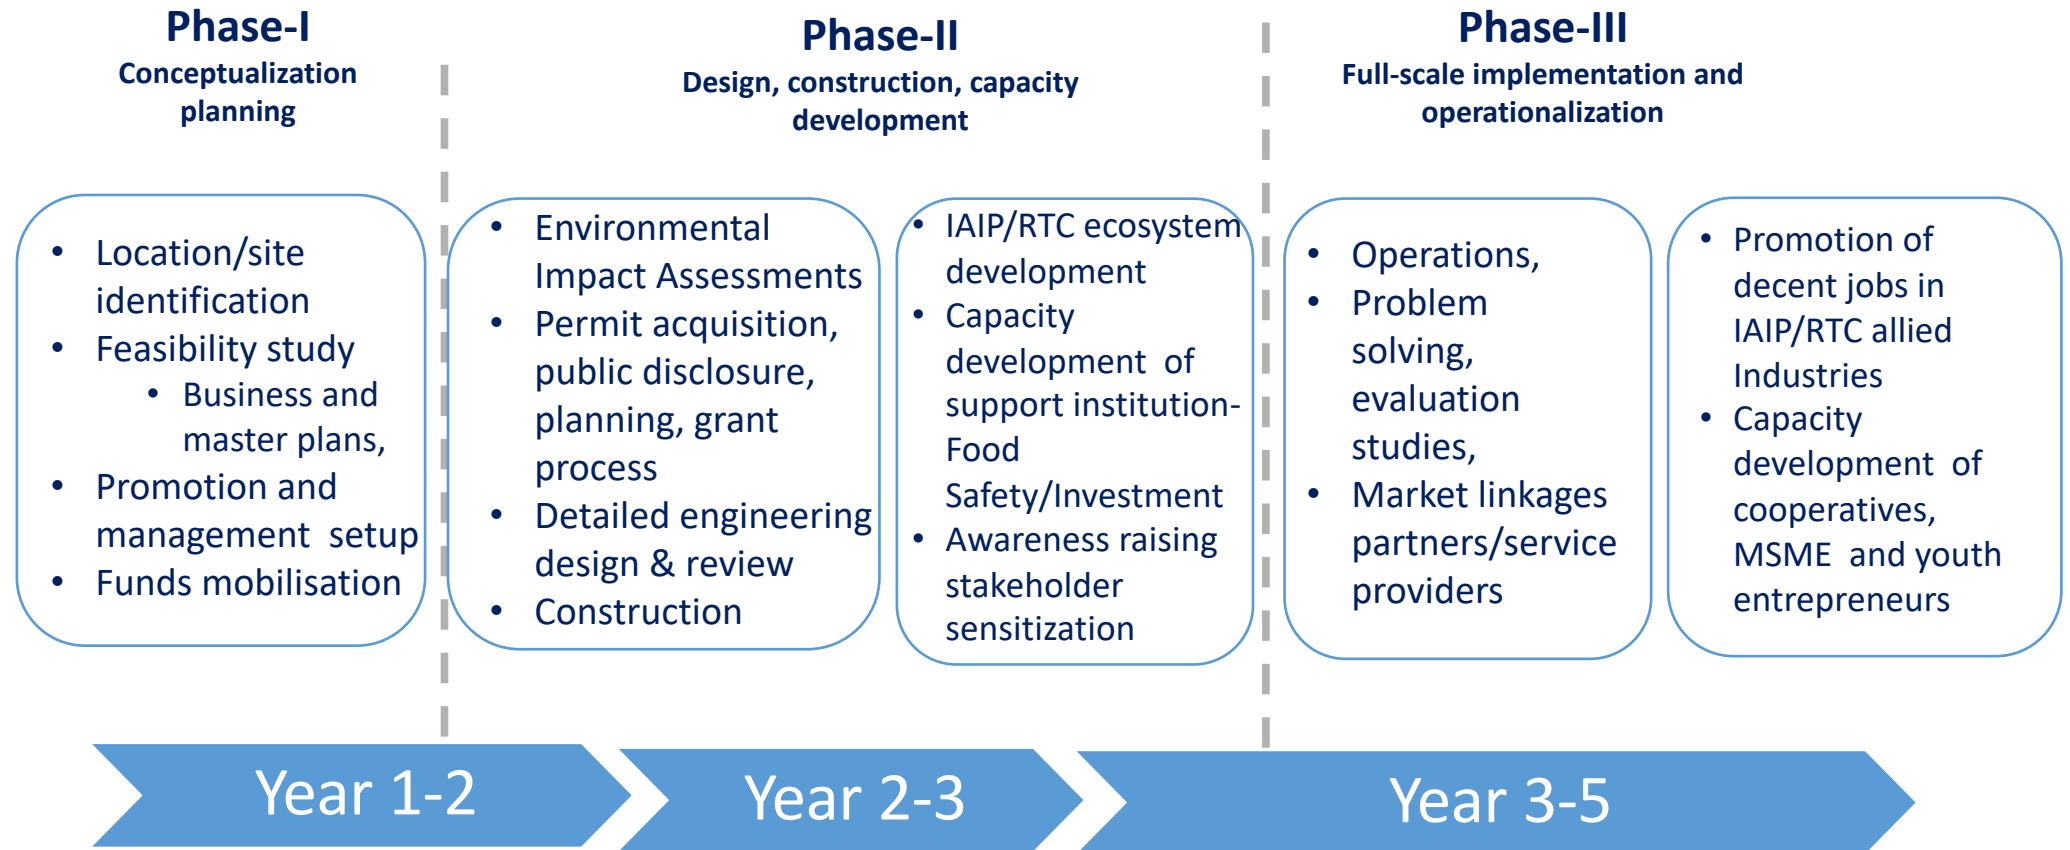

Title: Nyamira Integrated Agro-Industrial Park

- Aim: Support economic development in Nyamira and surrounding counties through promotion of investment in agro-industries
- High level description: The IAIP will support agro-processing as one of the key sectors that can contribute to industrialization and drive Kenya's economic growth. The agro-park will create a market for agricultural raw materials, allow for integration of small holder farmers, create jobs and overall provide requisite infrastructure for agro- industry development
- Location: Nyamira County situated in the Western Highlands of Kenya
- Contracting Agency: Nyamira County
- Stage of the project : Pre-feasibility
- Sector: Agro-industry
- Key SDGs: No. 1(No Poverty); No. 8 (Decent work and Economic Development); 9 (Industry, Innovation and Infrastructure); No. 17 (Partnerships for the Goals)
- Key Partners: National Government of Kenya, County Government of Nyamira, International and National Financial Institutions; Government of China and other Bi-lateral development partners

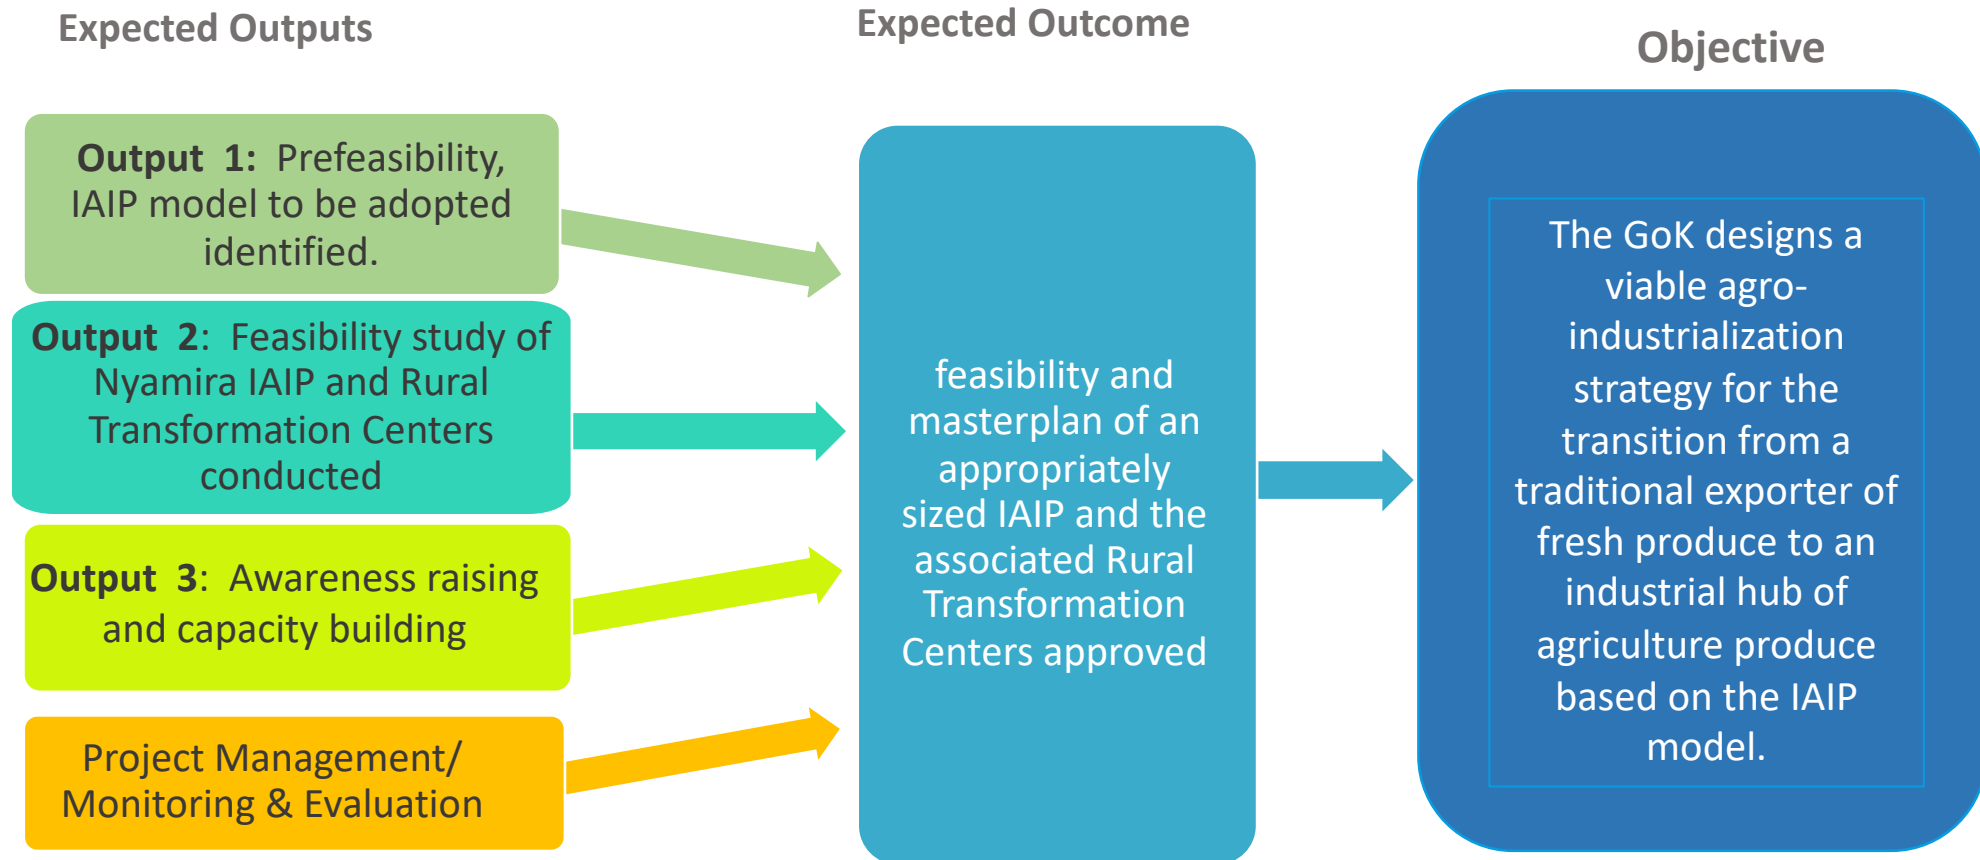

Timeframe & Management

Scope Phase I

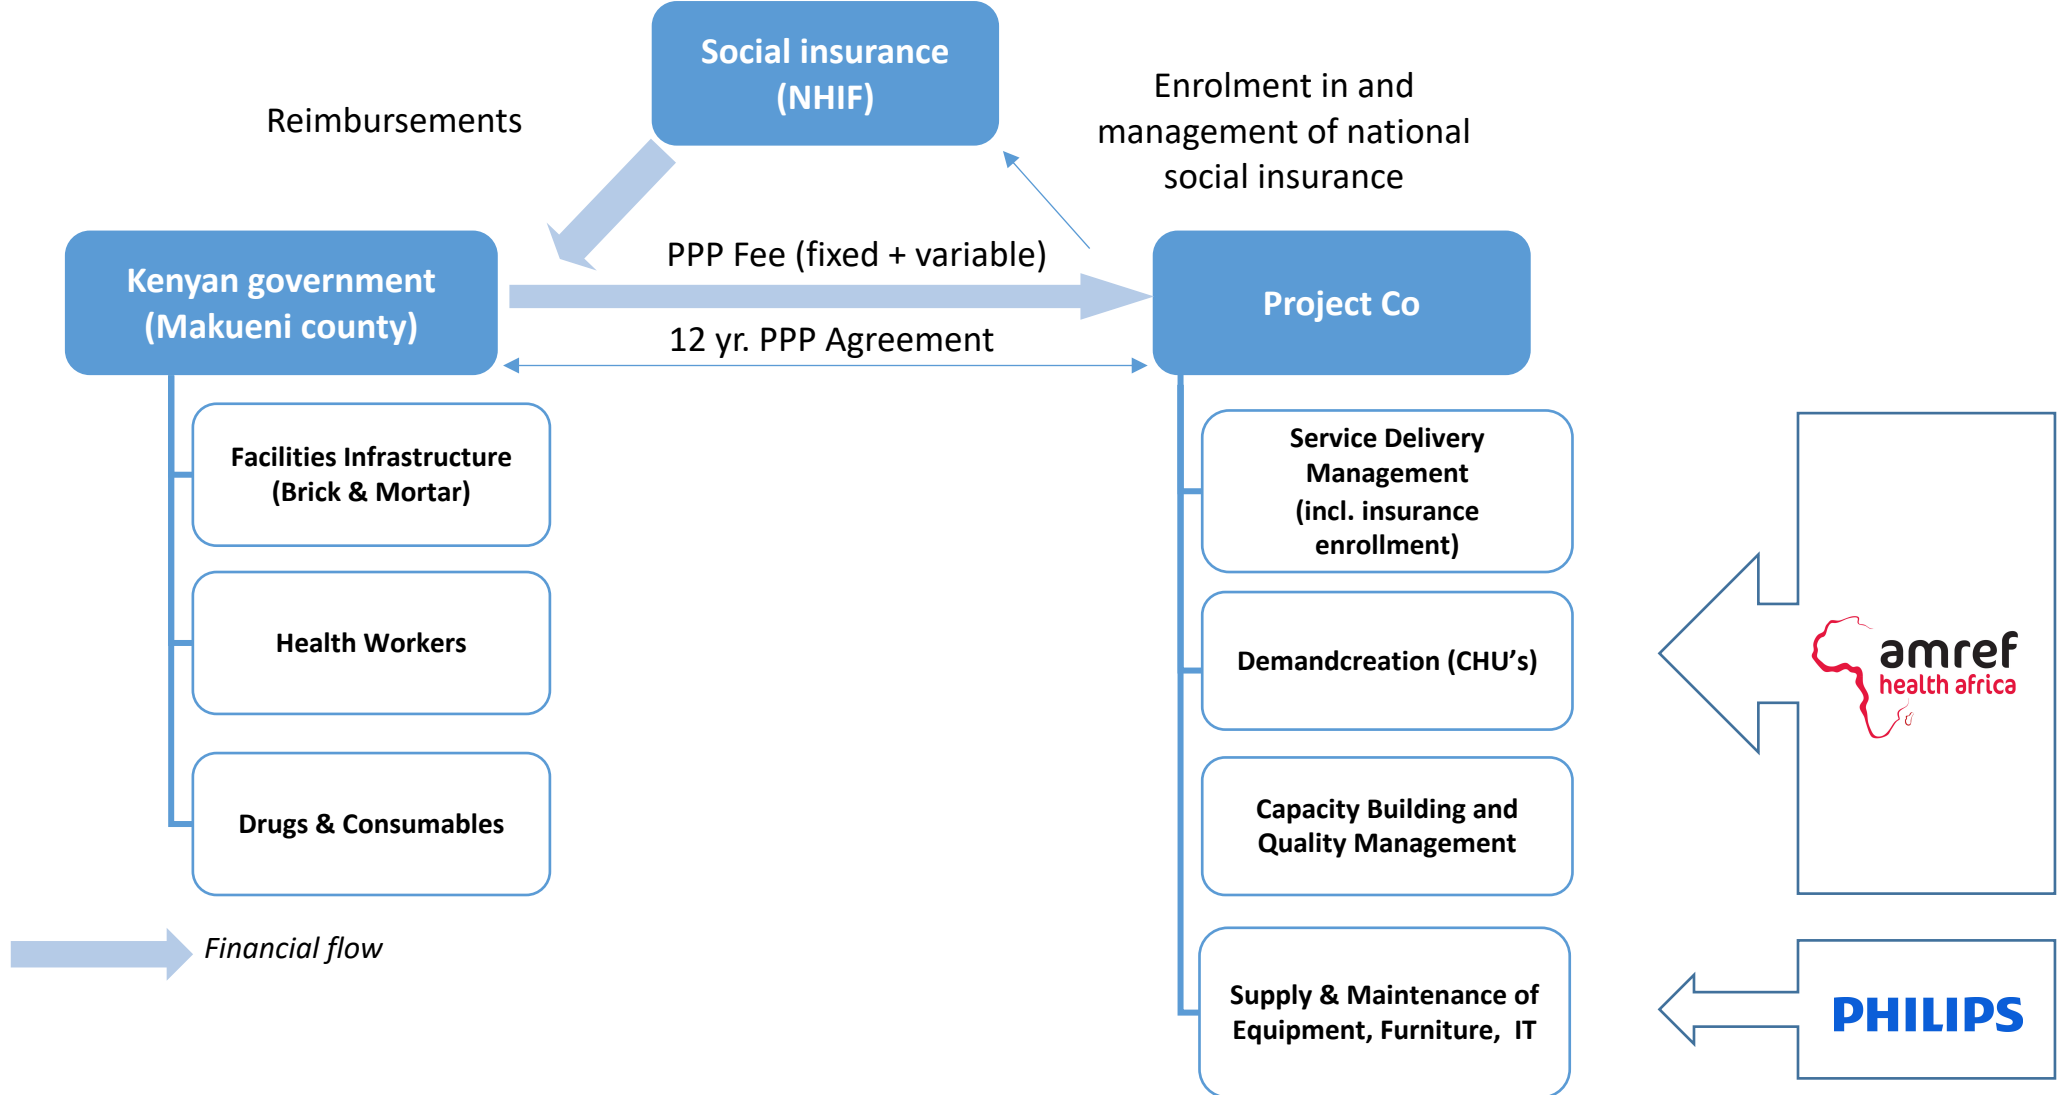

Conceptualization/Design Phase

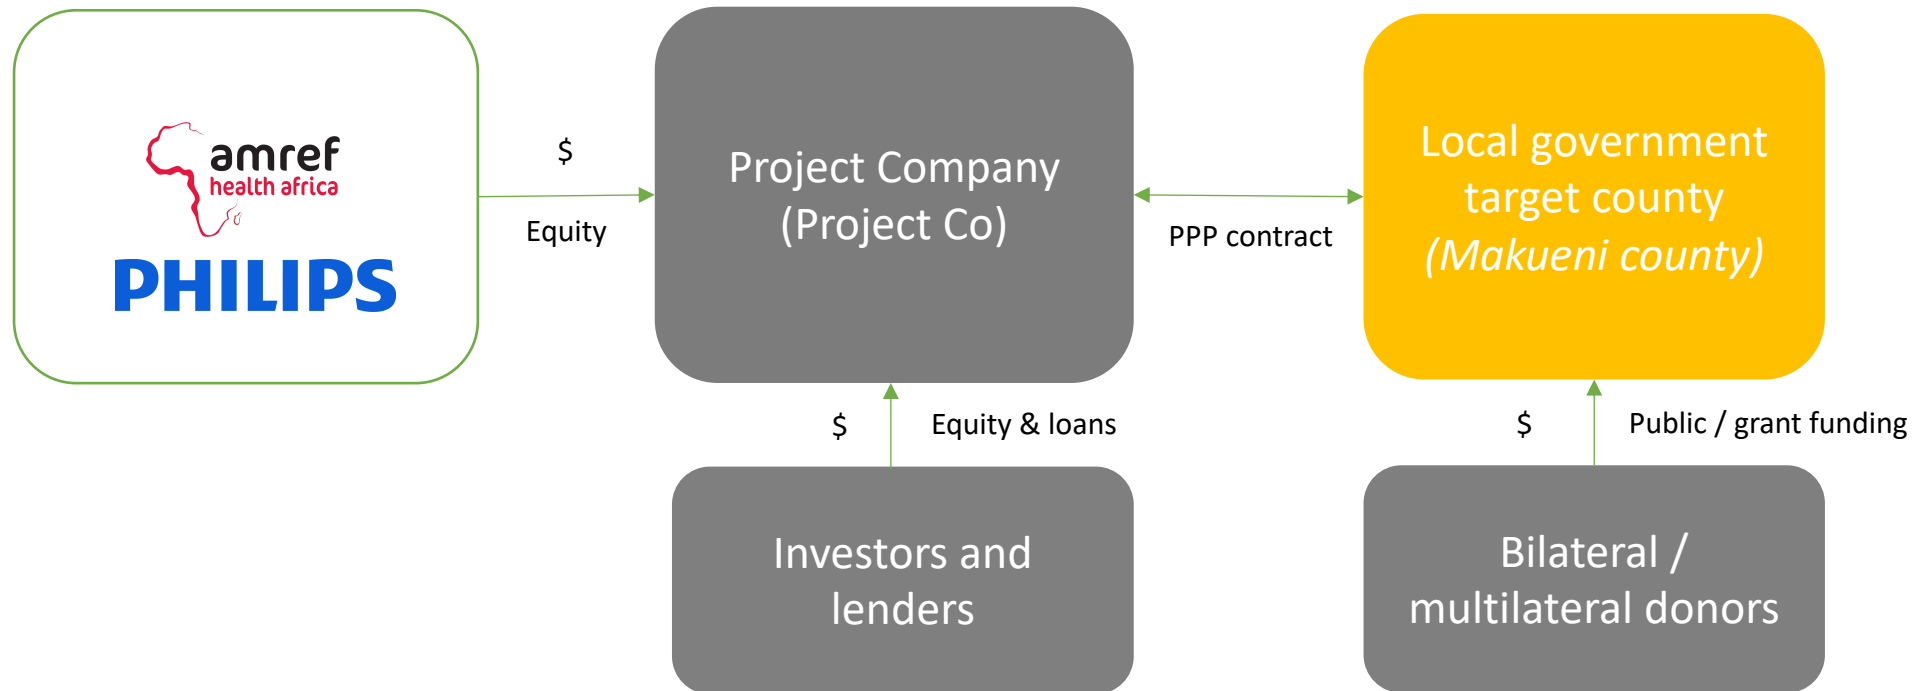

Title: Partnership for Primary Care

- Aim: Improve healthcare at the community and primary care level, as well as access to and quality of primary care services in Kenya
- High level description: The Partnership for Primary Care (P4PC) is the first PPP-model for primary care in Africa. By leveraging complementary capabilities and by sharing risks and responsibilities, the Makueni County Government, Amref Health Africa and Philips aim to transform the delivery and quality of Primary care and implement Universal Health Coverage
- Location: Makueni county
- Contracting Agency: Government of Makueni County
- Stage of the project : procurement/investment-ready
- Sector: Health
- Key SDGs: No. 1 (No poverty); No. 3 (Good Health and Well-being); No. 5 (Gender equality); No. 8 (Decent Work and Economic Growth); No. 10 (Reducing inequality); No. 17 (Partnerships for the Goals)
- Key Partners: Amref Health Africa, Royal Philips

Structure for long-term collaboration, sharing tasks and responsibilities

Project Co as a financial and operational vehicle for implementation

Investment opportunity first phase of scaling (Makueni county)

- Investors: equity funding into Project Co
- Donors: grant funding to (local) government to bridge funding gaps

- Stage of the project: pre-feasibility
- Sector: Health
- Key SDGs: No. 3 (Good Health and Well-being); No. 8 (Decent Work and Economic Growth); No. 9 (Industry, Innovation, and Infrastructure)
- Key Partners: Gov. of Kenya, vaccine manufacturing partners

DAWA-Merck Proposal

DAWA to invest 30 million USD in a WHO prequalified vaccine manufacturing facility in Thika

Key factors

3 specific vaccines:

Penta
PCV
Rota

Flexible capacity:

Can produce
pandemic
vaccines

WHO prequalified

100+ jobs

Highly skilled
employees

Capability building

Tailored
trainings for
workforce

Our proposed next steps to achieve local manufacturing

Stakeholder technical meeting to consolidate requirements into MOU 30th April 2020 

MOU agreement between GOK-Dawa-Merck unlocks;

- Detailed market assessment in Kenya and the region
- Gap analysis
- In partnership with GOK establish a **working group** of stakeholders reporting to the PS
- Negotiate on contractual terms

Contractual agreement by **year end 2021**
